## A Brief History of the Seattle Garden Club 1917–1998

The Seattle Garden Club was founded in 1917. For a few informal years we could make our own rules, such as summers-only memberships, even a few gentlemen members. The Garden Club of America tightened us up when we affiliated in 1923. In spite of our ever-after obligation to conform to *their* rules, we have been more than compensated by the many joys of association. We are among 189 clubs thus associated. Regional and national meetings, visits from national and regional officers and other experts, and mutual projects with Portland and/or Tacoma have led to delightful encounters with like-minded persons, and even to lifelong friendships. We have proudly contributed a fair share of regional and national officers too.

Each generation of members has produced enthusiastic and generous individuals who have generated magnificent horticultural enhancements for Seattle, and who have given our Club all the credit. Most of their names can be found on our list of medalists; and because of them, we can truthfully boast that Seattle has become a more beautiful city because this Club exists. Furthermore, the wonderful generosity of three of our members, during the past few years, has resulted in three horticultural gifts to the whole world: Lakewold in Tacoma, the Wetherill Preserve in Bellevue, and the Bloedel Reserve on Bainbridge Island.

Along Des Moines Way still remain a few of the 1,200 elms memorializing soldiers lost in World War I, a project we sponsored in 1921. Also surviving are some of the pink dogwoods we gave to the University of Washington campus in 1925, and most of the flowering crabapples, honoring George Washington's Bicentennial, which we planted on the north shore of Greenlake in 1932. The University's Arboretum, whose design by Olmsted Brothers of Boston we commissioned in 1934, continues to flourish, in spite of a setback caused by the terrible destruction wrought by the winter of 1990-91. We have always been a faithful collective annual contributor, with special emphasis on Azalea Way. In 1984 we donated \$50,000 toward the Arboretum's exceedingly attractive and heavily used Donald Graham Visitor's Center. In 1985 we gave \$25,000 to the University's Center for Urban Horticulture; and in return the University has given us a room at the Center for our very own use - a boiled-down but adequate surrogate for the headquarters building for which earlier

members hoped and saved.

Our still-extant plantings of 1930 on each side of Aurora Avenue as it cuts through Woodland Park came about after we lost the battle to save the Park from being cut at all. We have won a few battles too. such as saving the south shore of Shilshole Bay from developers and for the present pretty park; and helping to create the linear Burke-Gilman Trail Park from an abandoned railroad right-of-way. We have encouraged "pocket parks," freeway planting, wilderness preservation, and bird sanctuaries. We have donated our funds and our enthusiastic interest not only to Lakewold and the Wetherill Preserve, but also to the gardens at the Lighthouse for the Blind, Home of the Good Shepherd, Burke Museum, and the Species Rhododendron Garden at Weyerhaeuser's corporate headquarters in Federal Way. In 1959 we initiated and helped to fund the beautification of the Lake Washington Ship Canal, We are still involved, especially in the Carl English gardens at the Government Locks.

We have contributed to conservation education through teachers' summer work-shops, field trips for members, the Student Conservation program in our national parks, and distributing the excellent G.C.A. Conservation Packet to every grammar school in Seattle. We also gladly participate in the G.C.A. Exchange (with England) Fellowship. We firmly ally ourselves with other conservation-dedicated groups in recycling, and in trying to protect the wildflowers, the wetlands, the wildlife and, in short, the best interests of this planet.

We have presented many horticultural and flower-arranging speakers, classes, and competitive exhibits, for our own and the public's education and pleasure.

Our Club has served as host for two national G.C.A. meetings, in 1930 and 1977; for two Zone XII meetings, in 1968 and 1994; and a national Board of Associates meeting in May of 1991.

In 1992 we reached a pinnacle, in our collaboration with the Pacific Science Center to produce at the Center a marvelous Beatrix Potter exhibit, straight from England. Mr. McGregor's vegetables and watering can, for instance, were scaled as large as they would appear to Peter Rabbit. Delights abounded. For the first weekend of the three-month exhibit, we staged a competitive flower show in among it all, including a profitable preview party.

In May of 1995 our Club staged a Flower Show, "Secret Gardens," at the homes of Mrs. James C. Pigott and Mrs. William G. Reed.

At the Annual Meeting in June of 1997 the Seattle Garden Club celebrated its "Eightieth Year."
